

Nigel Cheetham CEng FICE

Born: 1943 Great Crosby, Lancashire; Educated at Dunstable Grammar School and various Technical Colleges. Became a Chartered Civil Engineer after passing the Institution of Civil Engineers Direct Professional Examinations. Elected a Fellow in 1996.

From 1962 - 1987: Employed by Bedfordshire, Royal County of Berkshire and Luton County Borough Councils and 17 years at Milton Keynes Development Corporation in various Engineer roles. Responsible for new highway designs, roundabouts, retaining walls, underpasses, Milton Keynes City Centre Infrastructure and servicing.

1987 - 1990: Pell Frischmann Consulting Engineers (Milton Keynes) - Technical Director
1990 - 1999: Pell Frischmann Water (Exeter) - Director of Projects in a joint venture with South West Water for upgrading water and wastewater projects in their Clean Sweep programme.

2000 - 2011: MWH Consulting Engineers (Auckland, New Zealand) - Senior Project Manager/Asset Manager producing asset management plans and managing water and wastewater projects in New Zealand and SE Asia.

Married to Sheila for 47 years: We have 2 children and 4 grandchildren

On retirement moved in 2011 from Auckland (New Zealand) to Higham Ferrers to be nearer children, grandchildren, friends and relations in UK. Chose Higham Ferrers because of its attractiveness and heritage as a town, its central location to family and friends and its excellent communications to other parts of England.

Interests: Travel, DIY, Walking Group, art and most kinds of music.
